

ECO-REGION NW

Steering Group No 3, 28th September 2004, Manchester University AGENDA

Draft JR 23-07-04

The steering group last met in full in 2003 prior to the approval of the project. Now that the collaboration with the Eco- Budget UK is in place, we aim to hold meetings at approx 6 monthly intervals.

The full steering group includes the project sponsors, partners, regional bodies, statutory agencies, delivery agencies, and other experts. The objectives of the Steering Group meeting are:

- realize the benefits of the project
- guide & inform the progress of the project
- share intelligence on all issues in sustainable consumption and production.

2.00 PROJECT TEAM MEETING

(separate agenda)

5.30 STEERING GROUP MEETING

Introductions

Context: Sustainable Production & Consumption
